Hi Boss,

We have set the date for the multi-media investigation for Tuesday, May 28, 2013 and if necessary May 29, 2013. I have been in contact with Steve Kelton at DDOE and he has sent out an e-mail to solicit the participation of DDOE personnel during this investigation. I am attaching my project plan for this investigation, and I need you to take a quick look at it and sign on the last page and then return the signature page to me. I am also attaching the field hazard assessment form that I completed for the investigation. This form does not actually need your signature, but you can sign it if you want. We usually have Chuck sign it as our safety designee. Paul was always good with that. I know you are probably busy, but if you could sign the project plan, it would be much appreciated.

Thanks

Jerry
